

POMP AND TRADITION AT WALSH UNIVERSITY

On April 29th the beautiful campus of Walsh University was the setting for the school's 43rd annual spring commencement ceremony. In time honored tradition 400 students paraded to the stage to accept their diplomas in a ritual that was organized to the last detail by the school's experienced

program coordinators. No detail is overlooked at this event, and there were no chances taken with the weather either. Walsh University takes the wise precaution of having two locations ready when the big day arrives – one indoors in the Physical Education Building and one outdoors in the Peace Park area of the campus.

Setting up two matching venues for an event can be a daunting task but Walsh relies on Canton Chair Rental to assist with the project. Each year the Canton Chair Rental trucks arrive on campus with tents, stages, ramps, tables, chairs, linens and skirting to ensure both the baccalaureate and commencement ceremonies are conducted with precision and dignity.

Susan Delvillan, Facilities Coordinator at Walsh University says Canton Chair Rental is the most reliable, flexible company to work with. “When you need them – they are there!” she proclaims. “When there is a change in the plans or additional equipment is needed at the last minute – it’s not a problem. They are so easy to work with and so accommodating, they are willing to go the extra mile. In nine years of dealing with Canton Chair Rental I have never had a bad experience,” says Ms. Delvillan.

Walsh University is not alone when turning to Canton Chair Rental. Respected colleges and universities throughout the area rely on Canton Chair Rental to assist in the planning of their commencement activities. Like their slogan says: “We don’t just rent tables and chairs, we rent EVENTS!”TM

HOT! HOT! HOT!

Get your next cookout started fast with Canton Chair Rental's new Club Grills. With eight stainless steel adjustable burners, the units provide instant, searing heat or a low controlled burn. You can even adjust each side of the grill to provide separate cooking zones on the 1,105 square inches of cooking surface.

The grills feature stainless steel fireboxes that each contain four individually controlled stainless steel burners. They are designed to help prevent flare-ups by utilizing two grease removal systems. The units contain stainless steel radiants, roller bar grates, and drip pans. Large 8" front rubber wheels are recessed inside the cart to avoid hang ups and allow for easy rolling on grassy or uneven surfaces. The 5" rear swivel casters come with locks so the grill won't get away from you while cooking.

See how much fun grilling can be with these new easy to use state of the art grills. And remember, Canton Chair Rental also carries a whole variety of charcoal and propane grills, cookers and griddles for your outdoor entertaining.

Stylish Luminaries

Add some drama to your next event with Canton Chair Rental's new rice paper lanterns. Available by special order in a variety of shapes, sizes and colors, each lantern is illuminated with a miniature 60 watt bulb. Attractive when clustered together or suspended individually over the upper area of a tent or party room, these enchanting lanterns are perfect for both casual and formal events.

Stop by the showroom or call the party planners at Canton Chair Rental to learn more about this creative new way to illuminate your next affair.

Add a novel dimension to your table with Canton Chair Rental's new white square china. This fashionable design is available in dinner plate, salad/desert plate, bread & butter plate, bowl, cup and saucer. This unique pattern is from a collection of Limited Edition china selections available by special order. Call the event consultants at Canton Chair Rental for details on pricing and availability.

Please be aware that we may not be able to sell some of these items until future rentals already booked are complete.*

Tent Washing 101

How do you clean something as large as a tent? While most tents can be scrubbed by hand, it's an arduous process. The old system of cleaning required the tent to be opened up, laid out on the floor, scrubbed, rinsed and then hung to dry.

In an ongoing quest to provide rental equipment of only the highest quality in the finest condition, Canton Chair Rental has recently installed a state of the art tent washer. The new unit, which resembles a giant washing machine, is specifically designed to clean up to 1200 square feet of tenting at one

time. It gently washes both sides of the tent and thoroughly cleans the webbing and straps at the same time. The process is accomplished with no additional wear and tear on the fabric. Preserving the integrity of the tent fabric is essential in maintaining A-grade wedding tents.

The appliance uses specially formulated cleaners that are very effective when removing common dirt. The detergent was formulated to remove the gray "acid rain" stains that are common to tents that have been erected for long periods of time in large cities.

While acid rain is not a major concern for Canton Chair Rental, proper cleaning of its tents, and every item in its enormous rental inventory, is an absolute priority. All of Canton Chair Rental's elegant linens are laundered and ironed in house. Every piece of glassware, china and flatware is washed, sterilized and sealed before going out to the next customer. In fact, every rental item is inspected, cleaned and expertly maintained to meet the rigorous high standards Canton Chair Rental has set in the industry.

Lake Center Tour

Scott Costume, a division of Canton Chair Rental, recently hosted a group of students from Lake Center Christian School in Hartville. The students were all enrolled in the school's "mini-term" Theatre Experience. They were staging a fifties style dinner theatre production that was used as a fund raiser for the senior class.

The Scott staff guided the students through the racks of the approximately 40,000 items in the Scott collection. Costume manager, Jonathan Fletcher, detailed the process a costume house goes through to design and construct garments required for a stage production, stressing the importance of style, detail and period authenticity.

The students had many questions for the Scott staff and Lake Center advisor, Kelly Buen, said the excursion was a wonderful experience for the class because it was both interesting and informative.
