TENT STAKE WAIVER

GENERAL INFORMATION:

Thank you for choosing Canton Chair Rental to provide a tent(s) for your upcoming event. Canton Chair Rental is committed to the safety of our customers, your guests, your property and our employees.

With the increase in utilities being buried underground, the risk for personal injury and property damage becomes a concern with tent installations. Ohio Law (3781.25-32 of the Ohio Revised Code) requires that anyone penetrating the surface of the earth must have the utilities marked on their property before they "dig." Since Canton Chair Rental will be inserting stakes up to 42" in the ground to anchor the tent(s), we will contact the Ohio Utilities Protection Service to mark any public underground utilities in the area where the tent(s) will be installed.

Please provide the following information about your upcoming tent rental:

Where tent will be installed: County _____ City _____ Township _____

Address of tent installation: _____

Where on your property will the tent be installed (i.e. driveway, back yard, other specifics...) _____

Property map provided by Canton Chair Rental has been marked with tent location and returned to Canton Chair Rental:
Yes No

For your safety and the safety of your guests, your property and our employees, Canton Chair Rental will contact the Ohio Utilities Protection Service (OUPS) to schedule the marking of public utilities on your property.

Please be aware that once this call has been made, someone will be on your property, typically from 3 to 5 days prior to the tent installation date, to mark the utilities.

CUSTOMER RESPONSIBLE FOR THE FOLLOWING WITH REGARD TO THIRD PARTY MARKING OF UNDERGROUND UTILITIES:

- Make sure that any pets are restrained while utility marking personnel are on your property
- Make fenced areas available to the utility marking personnel
- **DO NOT mow over, move or remove utility paint or flag markings** until after the tent has been installed! By Ohio law, Canton Chair Rental cannot install a tent if the utility markings are not clearly visible.
