**CANTON CHAIR RENTAL INSTALL  
TENT/CANOPY/GENERATOR GROUND ROD/BOUNCE CASTLE  
811 GROUND PENETRATION WAIVER**

**GENERAL INFORMATION:**

Thank you for choosing Canton Chair Rental to provide a tent/canopy/generator/bounce castle for your upcoming event. Canton Chair Rental is committed to the safety of our customers, your guests, your property, and our employees.

*\*Note for generator rentals: In order for a generator to function safely, they must be properly grounded with a copper rod inserted 6' to 8' into the ground.*

With the increase in utilities being buried underground, the risk for personal injury and property damage becomes a concern. Ohio Law (3781.25-32 of the Ohio Revised Code) requires that anyone penetrating the surface of the earth must have the utilities marked on their property before they "dig." Since Canton Chair Rental will be inserting stakes up to 42" or ground rods 6'-8' in the ground, we will contact the Ohio Utilities Protection Service to mark any public underground utilities in the area where the tent/canopy/generator/bounce castle will be installed.
